

6- 42R REASON FOR DEMANDING RECALL OF JAMES CROOKER, CAMMANN ROAD DISTRICT COMMISSIONER, AS PROVIDED ON RECALL PETITION:

James Crooker has endorsed the formation of the current Cammann Road District, which under its current structure unfairly creates revenue from property values in the district. This structure charges many residents who use a small portion of the public road more than some who use nearly the entire road. Some residents of the district have also been excluded from payment to the district because they are located in the city limits or the Coquille Tribal lands, although they have access through the district. Endorsement of these unfair practices and others have resulted in a petition to recall.

JUSTIFICATION STATEMENT AS PROVIDED BY JAMES CROOKER:

I have followed the election laws of Oregon in the formation of the Cammann Road District in Coos County Oregon. I have done nothing wrong and will not resign my elected office of Commissioner of the Cammann Road Dist.

James Crooker
