Press Release

October 16, 2017

Coos County Clerk's Office Offers Online Marriage Application Service

The Coos County Clerk's office has announced an innovative online marriage application service for those wishing to purchase a marriage license in Coos County. The new online service provides their customers with a convenient and efficient method of completing a marriage license application in the convenience of their home.

We are very excited to offer this new service to our customers, which will save time for our customers and for us as a government department. Once the application is completed online, the customer will only need to spend approximately 10 minutes in the Clerk's office to complete the processing of the application.

The new Online Marriage Application Service began on October 9, 2017. Our office continues to focus on customer service and our goal is to make the marriage application process fast and convenient for our customers. We look forward to it being a time saver for our customers plus a cost savings for our office, which will help us be a better department.

To apply online go to <https://marriage.co.coos.or.us/> .
