Coos County Planning Commissioners

RE: Changes in the C.C.C.P.

I testified that the public portion of the process should be 120 days. I am not on the Internet, but that should not exclude me from the process.

In my quest for a hard copy of the C.C.C.P., I traveled to Salem with a flash drive. To get an electronic copy I was told that each page would have to be scanned. This is what generated DLCD's letter of October 12, 2014. I followed up, after receiving that letter, with a phone call inquiring about a hard copy as long as they had to scan each page. I was told O.K.

On November 11, 2014 I received a copy of an email, that was generated on November 10, 2014 and sent to a 3rd party. You can see that the price went up along with the number of pages.

I can get 2,333 pages printed from a flash drive for 7¢ a copy, for a total of $163.31.
