The distance information is important from your new driveway to the closest driveways on either side of you (doesn't matter which side of the road) and what the addresses are to those two driveways. This information is important to include in the formula used to calculate the correct address.

I understand by signing this application, issuance of an address does not guarantee that the property has been lawfully created or is free from compliance issues. I further understand that I must obtain proper permits for any development on this property.

Staff from the County Road Department will place the stake and once the driveway stake has been placed, it must not be moved. If your stake is removed or damaged you may purchase replacements.
