Coos County Planning Dept.

250 N. Baxter-Coos County County Courthouse

Coquille, OR 97423

Re: HBCU-13-06 (Blue Ridge Route)

To Whom it May Concern:

This letter is meant to encourage the county to approve the shorter and more advantageous Blue Ridge route for the proposed LNG pipeline.

There should be no zoning problem since it is the same as the previously approved route.

There are fewer streams to cross thus causing less damage to wildlife and environment.

It would prevent considerable damage to private property which would result in much lower values in real estate.

And last, but not least, it is the preferred route of the Federal Energy Regulatory Commission.

Respectfully yours,
