Last year, the Oregon Legislature enacted a law requiring paint manufacturers to safely manage leftover latex and oil-based paint from consumer and contractor painting jobs. The state's paint "take-back" program is funded by the recovery fee that retailers will add onto the sale of new paint and stain. There will be no fee for containers of a half pint or less. The fee is 35 cents per container between a half pint and one gallon, and 75 cents for a one-gallon container and \$1.60 for containers of more than one gallon and up to five gallons.

PaintCare, a nonprofit organization created by the American Coatings Association, a paint industry group, will run the collection program for the state. For more information on PaintCare, please visit their website: www.paintcare.org

Coos County Solid Waste Department thanks you for keeping paint and paint products out of the Beaver Hill waste incinerator and the Joe Ney construction and demolition landfill.
