City Council authority to set System Development Charges

Question 20 words which plainly phrases the chief purpose of the measure.

Shall the Bandon City Council Have Authority to Set Systems Development Charges for New Development?

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

Approval of this measure would amend the City Charter to allow the City Council to set systems development charges for new development in accordance with state statutes. The city currently charges systems development charges for water, sewer, stormwater, and streets. However, those charges have not been modified in many years. If approved, this measure would allow the City Council to set systems development charges only on new development in accordance with state statutes without having to submit the matter to voters.
