Funding. The parties recognize that revenue needed to finance the wages and benefits provided by the agreement must be approved annually by established budget procedures. All such wages and benefits are therefore dependent on sources of revenue and annual budget approval. The County will not reduce the wages and benefits specified in this agreement because of budgetary limitations, but cannot and does not guarantee any level of employment in the bargaining unit covered by this agreement. The County agrees to include in its annual budget request amounts sufficient to fund the wages and benefits provided by this agreement, but makes no guarantee as to the passage of such budget pursuant to established budget procedures. This paragraph and County action thereunder shall not be subject to Article 28.
