CRITERIA:

SECTION 5.2.600 EXPIRATION AND EXTENSION of Conditional Uses

Any conditional use not initiated within the time frame set forth in subsection (3) of this section may be granted an extension provided that an applicant has made a request and provided the appropriate fee for an extension prior to the expiration of the conditional use permit approval. Such request shall be considered an Administrative Action and shall be submitted to the Director.

1. Extensions on Farm and Forest (Resource) Zoned Property shall comply with OAR 660-033-0140 Permit Expiration Dates which states:
 - a. Except as provided for in subsection (e) of this section, a discretionary decision, except for a land division, made after the effective date of this section approving a proposed development on agricultural or forest land outside an urban growth boundary is void two years from the date of the final decision if the development action is not initiated in that period.
 - b. Coos County may grant one extension period of up to 12 months if:
 - i. An applicant makes a written request for an extension of the development approval period;

 - iii. The applicant states reasons that prevented the applicant from beginning or continuing development within the approval period; and
 - iv. The county determines that the applicant was unable to begin or continue development during the approval period for reasons for which the applicant was not responsible.
 - c. Additional one-year extensions may be authorized where applicable criteria for the decision have not changed.

 - e. For the purposes of subsection (e) of this section, "residential development" only includes the dwellings provided for under in the EFU and Forest zones in Chapter 4.
 - f. Extension requests do not apply to temporary use permits, compliance determinations or zoning compliance letters.
2. Extensions on all non-resource zoned property shall be governed by the following.
 - a. The Director shall grant an extension of up to two (2) years so long as the use is still listed as a conditional use under current zoning regulations.
 - b. If use or development under the permit has not begun within two (2) years of the date of approval and an extension has not been requested prior to the expiration of the conditional use then that conditional use is deemed to be invalid and a new application is required.
 - c. If an extension is granted, the conditional use will remain valid for the additional two years from the date of the original expiration.
3. Time frames for conditional uses and extensions are as follows:
 - a. All conditional uses within non-resource zones are valid four (4) years from the date of approval; and
