**EXHIBIT "C"**  
**STAFF REPORT**  
**FINDINGS OF FACT AND CONCLUSIONS**

**I. PROPOSAL**

Request for Planning Director Approval for to the residential use to a vacation rental pursuant to Coos County Zoning and Land Development (CCZLDO) § 4.3.210(87) Vacation Rental, §4.6.130 Additional Criteria for All Administrative and Hearings Body Application Review, and§ 4.6.140 Development and Siting Criteria.

**II. PROPERTY DESCRIPTION AND PROPOSAL**

**LAWFULLY CREATED:** The subject property is considered a lawfully created unit of land pursuant to C CCZLDO Section 6.1.125.1.b, as it was determined to be lawful through a prior land use decision (ACU-90-61).

**LOCATION:** The subject property is located southwest of the City of Coos Bay and accessed off of Crown Point Lane.

**SITE DESCRIPTION AND SURROUNDING USES:**

- a. **SITE DESCRIPTION AND SURROUNDING USES:** The subject property is zoned Rural Residential (RR-2) the property consists of approximately .94 acres and contains a manufactured dwelling and accessory structure that were permitted through a Zoning Clearance Letter (ZCL-95-193). The single family dwelling is located within the RR-2 zoning district. The adjacent properties are zoned RR-2 and Coos Bay Estuary management Plan 63A-CS. To the northeast is a parcel that has a pumping station for Charleston Sanitation. To the south and east is a residentially utilized parcel. The parcel has direct access to the Joe Ney Slough to the north.
- b. **PROPOSAL:** The applicant is requesting approval to operate a vacation rental within the existing single family dwelling.

**IV. APPROVAL CRITERIA & FINDINGS OF FACT**

- **Rural Residential (RR)**

*There are two RR zonings: Rural Residential-5 (RR-5) and Rural Residential-2 (RR-2). The intent of the Rural Residential Districts includes justified sites plus "committed" areas. The County's plan prescribes and allocates a finite number of rural dwelling/units/acreage. The zoning ordinance will specify permitted uses and minimum lot sizes.*

*The purpose of the "RR-2" and "RR-5" districts are to provide for small to medium acreage dwelling sites outside of Urban Growth Boundaries, where a moderate intensity of land development is appropriate, but where urban services and facilities may not be available or necessary.*

*The "RR-2" district provides for continued existence of rural family life and to provide a transition of densities between urban development and exclusive agricultural and forestry uses.*

- **Compatibility**

*Compatibility means that the proposed use is capable of existing together with the surrounding uses without discord or disharmony. The test is where the proposed use is compatible with the existing surrounding uses, and not potential or future uses in the surround area. The surrounding area consists of the notification area for the project as set out in § 5.0.900.*

• Section 4.3.200 Zoning Tables for Urban and Rural Residential, mixed Commercial-Residential, Commercial, Industrial, Minor Estuary and South Slough

The table indicates the type of review process that is required. Remember that CU is an conditional use review and the letter prior explain what level of conditional use is required (A = administrative and H=Hearing)  
As used in the zoning tables the following abbreviations are defined as:

- “P” Permitted and requires no review from the Planning Department. No review is required but other agencies may have requirements.
- “CD” Compliance Determination review (permitted with standards) with clear and objective standards (Staff review usually referred to as Type I process or ministerial action). These uses are subject to development standards in sections 4.3.22, 4.3.230 and notices requesting comments may be provided to other agencies as result. The process takes a minimum of 30 days to complete. Industrial zones may require additional review. All structures and uses shall meet the applicable Development and Siting Criteria or Special Development Considerations and Overlays for the zoning district in which the structure will be sited.
- “ACU” Administrative Conditional Use (Planning Director’s Decision usually referred to as a Type II Process)
- “HBCU” Hearing Body Conditional Use (Planning Commission, Board of Commissioner or Hearings Officer Decision usually referred to as a Type III Process)
- “PLA” Property Line Adjustments subject to standards found in Chapter 6.
- “P”, “SUB”, “PUD” = Partition, Subdivision, Planned Unit Development that require Land Division Applications subject to standards found in Chapter 6.
- The “Subject To” column identifies any specific provisions of Section 4.3.210 to which the use is subject.
- “N” means the use is not allowed.

The zoning table sets out Uses, Developments and Activities that may be listed in a zone and the type of review that is required within that zone. If there is a conflict between uses the more restrictive shall apply. Section 4.3.210 provides an explanation of the use category and the specific criteria that shall apply and if the use is identified as requiring a conditional use. Section 4.3.225 General Siting Standards apply to all regulated Uses, Developments, or Activities, but these are clear and objective standards that do not, in themselves, require a land use notice. Section 4.3.230 Specific Standards list specific siting standards by zones and 4.2.220 Additional Conditional Use Review and Standards for table 4.3.200 contains any additional criteria that applied to a Use, Development or Activity that has been identified by the following table as requiring.

#	Use	Zones													Subject To
		Section 4.3.210 CATEGORIES & Review Standards - 4.3.220 Additional Conditional Use Review - Section 4.3.225 General Siting Standards - Section 4.3.230 Specific Standards

• Section 4.3.210 – CATEGORIES and review standards

The following categories provide a definition and specific standards that will regulate the Development, Use or Activity identified in the table above.

(87.) Vacation rental/short term rental - Subject to the following criteria:

- Shall be found to be compatible with the surrounding area.
- Shall be licensed by the Coos Health & Wellness (CHW) in accordance with ORS 446.310-350;
- Shall meet parking access, driveway and parking standards as identified in Chapter VII;

- (d) Shall not be conveyed or otherwise transferred to a subsequent landowner without a the new property owner submitting a Compliance Determination Application showing compliance with this section; and
- (e) A deed restriction shall be recorded with the Coos County Clerk's Office acknowledging that this is an accessory use to the approved residential use. If located within Urban Growth Boundary further restrictions may be required based on comments from the City.

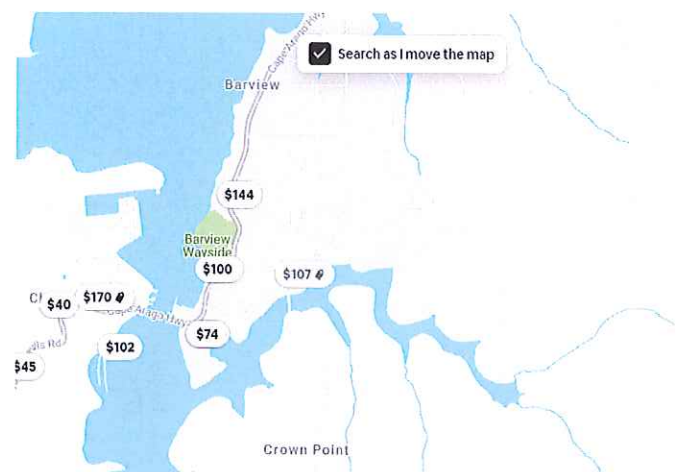

**FINDING:** The primary criterion for this application is compatibility. As explained above; compatibility means that the proposed use is capable of existing together with the surrounding uses without discord or disharmony. The test is where the proposed use is compatible with the existing surrounding uses, and not potential or future uses in the surrounding area.

The properties that are within the notification area are shown below:

<u>Map No</u>	<u>Parcel No</u>	<u>Dwelling</u>	<u>Use</u>
26S1401	400	No	Bare Land
26S1401CD	1300	Yes	Primary Residence
26S1401CD	1400	Yes	Applying Parcel-Residential
26S1401CD	1401	No	Utility Facility
26S1401CD	1402	No	Bare Land
26S1401CD	1500	No	Bare Land
26S1401CD	1600	Yes	Primary Residence
26S1401CD	1700	Yes	Secondary Residence
26S1401CD	2000	Yes	Primary Residence

The compatibility area for the Rural Residential - 2 zoning district is 250 feet. Within that distance there are several properties with residential development. There are nine (9) tracts of land within the buffer. Although there are no vacation rentals within the buffer area, this vicinity is a popular recreation location. Out of the buffer area there are three (3) properties that are bare, three (3) that are primary residences, two (2) that are secondary residences, and one (1) that has a utility facility.

There are no vacation rentals within buffer area, but see map to the left. A search through airbnb shows that there are several vacation rentals within the vicinity.

Based on the aerial imagery and the applicants plot plan it appears the dwelling to be used as a vacation rental is surrounded by thick foliage, which give neighboring properties a buffer. The parcel has its own private driveway to the dwelling.

The applicant shall submit a Parking Verification Permit, once approved, shall continue to comply with the parking standards and should develop a noise policy as part of the renters' agreement to ensure it remains compatible. Also, the property owner shall obtain and maintain a license from the Coos County Health Department in accordance with ORS 446.310-350.

The applicant shall record a deed restriction with the Coos County Clerk's Office acknowledging that this is an accessory use to the approved residential use, this will be made a condition of approval.

- Section 4.3.220 Additional Conditional Use Review Standards for uses, development and activities listed in table 4.3.200  
(2) **RURAL RESIDENTIAL (RR)** – The following conditional use review standards apply to all USES, ACTIVITIES and DEVELOPMENT in the RR zoning districts:

**FINDING:** The criterion listed under 4.3.220.2 that applies to this use was addressed within the Vacation Rental criteria above.

- Section 4.3.225 General Siting Standards  
All new USES, ACTIVITIES and DEVELOPMENT are subject to the following siting standards:

6. Parking - Off-street access, parking and loading requirements per Chapter VII apply.

**FINDING:** The only criteria listed under Section 4.3.225 that applies to this application is the Parking standards. The applicant did not submit a Parking Verification Permit; therefore, this will be made a condition of approval.

- Section 4.3.230 ADDITIONAL SITING STANDARDS  
This section has specific siting standards and criteria set by the zoning district for USES, ACTIVITIES and DEVELOPMENT:

**FINDING:** None of the criteria listed under 4.3.230 applies to the Vacation Rental Use.

With the exceptions of the conditions of approval this use meets the criteria.

## VI. DECISION:

There is evidence to adequately address the criteria for a Vacation Rental in the Rural Residential - 2 zone; therefore, this request has been approved. There are conditions that apply to this use that can be found at Exhibit "A".

## SECTION 5.2.600 EXPIRATION AND EXTENSION OF CONDITIONAL USES

1. Permit Expiration Dates for all Conditional Use Approvals and Extensions :
  - a. On lands zoned Exclusive Farm, Forest and Forest Mixed Use:
    - (1) Except as provided for in section (5) of this rule, a discretionary decision, except for a land division, made after the effective date of this division approving a proposed development on agricultural or forest land outside an urban growth boundary under ORS 215.010 to 215.293 and 215.317 to 215.438 or under county legislation or regulation adopted pursuant thereto is void two years from the date of the final decision if the development action is not initiated in that period.
    - (2) A county may grant one extension period of up to 12 months if:
      - (a) An applicant makes a written request for an extension of the development approval period;
      - (b) The request is submitted to the county prior to the expiration of the approval period;

- (c) The applicant states reasons that prevented the applicant from beginning or continuing development within the approval period; and
- (d) The county determines that the applicant was unable to begin or continue development during the approval period<sup>1</sup> for reasons for which the applicant was not responsible.

Coos County has and will continue to accept reasons for which the applicant was not responsible as, but limited too, financial hardship, death or owner, transfer of property, unable to complete conditions of approval and projects that require additional permits. The County's Ordinance does not control other permitting agency processes and the County shall only consider if the applicant has requested other permits as a valid reason and to show they are attempting to satisfy conditions of approval. This is a different standard than actually showing compliance with conditions of approval. This also, does not account for other permits that may be required outside of the land use process.

- (3) Approval of an extension granted under this rule is not a land use decision as described in ORS 197.015 and is not subject to appeal as a land use decision.
- (4) Additional one-year extensions may be authorized where applicable criteria for the decision have not changed.
- (5) (a) If a permit is approved for a proposed residential development on agricultural or forest land outside of an urban growth boundary, the permit shall be valid for four years.  
(b) An extension of a permit described in subsection (5)(a) of this rule shall be valid for two years.
- (6) For the purposes of section (5) of this rule, "residential development" only includes the dwellings provided for under ORS 215.213(3) and (4), 215.284, 215.705(1) to (3), 215.720, 215.740, 215.750 and 215.755(1) and (3).
- (7) There are no limit on the number of extensions that can be applied for unless this ordinance otherwise allows.

b. On lands not zoned Exclusive Farm, Forest and Forest Mixed Use:

- (1) All conditional uses for residential development including overlays shall not expire once they have received approval.
- (2) All conditional uses for non residential development including overlays shall be valid for period of four (4) years from the date of final approval.
- (3) Extension Requests:
  - a. For all conditional uses subject to an expiration date of four (4) years are eligible for extensions so long as the property has not been:
    - i. Reconfigured through a property line adjustment or land division; and
    - ii. Rezoned to another zoning district.
- (4) An extension shall be applied for on an official Coos County Planning Department Extension Request Form with the fee.
- (5) An extension shall be received prior the expiration date of the conditional use or the prior extension.

- 2. Changes or amendments to areas subject to natural hazards<sup>2</sup> do not void the original authorization for a use or uses, as they do not determine if a use can or cannot be sited, but how it can be sited with the least amount

---

<sup>1</sup> The approval period is the time period the original application was valid or the extension is valid. If multiple extensions have been filed the decision maker may only consider the time period that the current extension is valid. Prior approval periods shall not be considered. For example, if this is the third extension request up for review the information provided during the period within last extension time frame shall be considered and not the overall time the application has been approved. This prevents a collateral attack on the original authorization.

of risk possible. Overlays and Special Development Considerations may have to be addressed to ensure the use can be sited with an acceptable level risk as established by Coos County.

This conditional use request is within a non-resource zone and is valid for four years for the date of final approval **(April 7, 2020)**.
