Please provide the reason(s) that prevented the applicant from beginning or continuing development within the approval period. The applicant must provide a sufficient reason in order for staff to determine if the applicant was unable to begin or continue development during the approval period for reasons for which the applicant was not responsible:

Although our employment is stable now, my husband and I both have parents who are in their mid-80's to 90's. They are taking considerable time and money to help them, which is diverting resources for now. We are pleased to be able to help them, but it's preventing us from beginning development. Thanks; we appreciate your time and consideration.
