Subject: File# REM-19-01 Jordan Cove project public comment

Coos County Planning

I am unwilling to give up my public trust rights to Jordan Cove Project during high tide slack or at any time. High slack is best time to harvest Salmon, Crab, game birds, and Oysters.

Removing a large mud flat of sand and mud shrimp beds and clam beds is unconscionable. Coos Bay does not need more environment destroyed. This disaster will last for generations to come and benefit few.

STOP Jordan Cove LNG!
