Subject: Objection to proposed Jordan cove pipeline

Hello,

I am strongly opposed to the opposed to the Jordan Cove Pipeline proposal. Among many other obvious environmental concerns throughout the entire Rogue River watershed, I am unwilling to give up your public trust rights to Jordan Cove Project during high tide slack.

I am an active voter, community member, and passionate user of the magnificent outdoors of Southern Oregon. Jordan Cove Pipeline doesn't b long here, and every other voter and community member I have discussed it with is in total opposition.

Thank you,

Dax Messett
