To whom it may concern;

Please do not set a dangerous precedent. Do not destroy years of public trust . Our lands and waters belong to all. Don't allow a company to come in and take away prime fishing opportunities.

I live in Astoria. We have large commercial vessels in and out here daily. No such exclusion zone exists because we aren't terrorist and don't need a zone. Coos Bay needs to protect local businesses. Protect the environment. Stop letting outside interests determine Oregon's future.
