**Re: Jordan Cove Energy Project Land Use Applications
Coos County File No. REM-19-001 (HBCU-15-05/FP-15-09)
Applicant's Motion for Extension of Time to Submit Final Written Argument**

Dear Mr. Stamp:

This office represents Jordan Cove Energy Project L.P. ("JCEP"), the applicant requesting approval of concurrent land use applications to construct a liquefied natural gas facility, export terminal, and related project components ("Project") in Coos County File No. REM-19-001 (HBCU-15-05/FP-15-09) ("Applications"). In your letter to Jill Rolfe dated August 19, 2019 pertaining to the re-opened record for the Applications, you stated it is appropriate for JCEP to submit final written argument limited to the issues raised in the recent open record period, and you granted JCEP until October 1, 2019, to submit that argument.

In your letter, you also offered to entertain a motion for extension of this deadline in light of the fact that there are two Project-related hearings the day before. JCEP appreciates the Hearings Officer's courtesies and requests one additional day (until October 2, 2019) to submit final written argument limited to the scope of the issues raised in the re-opened record. Please confirm whether this is acceptable.

Exhibit: 74
Date: 9/27/19
