This notice shall be posted from July 13, 2021 to July 26, 2021

The purpose of this notice is to inform you about the proposal and decision, where you may receive more information, and the requirements if you wish to appeal the decision by the Director to the Coos County Hearings Body. Any person who is adversely affected or aggrieved or who is entitled to written notice may appeal the decision by filing a written appeal in the manner and within the time period as provided below pursuant to Coos County Zoning and Land Development Ordinance (CCZLDO) Article 5.8. If you are mailing any documents to the Coos County Planning Department the address is 250 N. Baxter, Coquille OR 97423. Mailing of this notice to you precludes an appeal directly to the Land Use Board of Appeals.

Mailed notices to owners of real property required by ORS 215 shall be deemed given to those owners named in an affidavit of mailing executed by the person designated by the governing body of a county to mail the notices. The failure of the governing body of a county to cause a notice to be mailed to an owner of a lot or parcel of property created or that has changed ownership since the last complete tax assessment roll was prepared shall not invalidate an ordinance.

The application and all documents and evidence contained in the record, including the staff report and the applicable criteria, are available for inspection, at no cost, in the Planning Department located at 60 East Second Street, Coquille, Oregon. Copies may be purchased at a cost of 50 cents per page. The decision is based on the application submittal and information on record. The name of the Coos County Planning Department representative to contact is Jill Rolfe, Planning Director and the telephone number where more information can be obtained is (541) 396-7770.

Failure of an issue to be raised in a hearing, in person or in writing, or failure to provide statements of evidence sufficient to afford the Approval Authority an opportunity to respond to the issue precludes raising the issue in an appeal to the Land Use Board of Appeals.

CONDITIONS OF APPROVAL

The applicant shall comply with the following conditions of approval with the understanding that all costs associated with complying with the conditions are the responsibility of the applicants and that the applicants are not acting as an agent of the county. If the applicant fails to comply or maintain compliance with the conditions of approval the permit may be revoked as allowed by the Coos County Zoning and Land Development Ordinance. Please read the following conditions of approval and if you have any questions contact planning staff. This is a tentative decision and will become final if the conditions of approval are completed correctly and any required survey maps and/or deeds are completed.

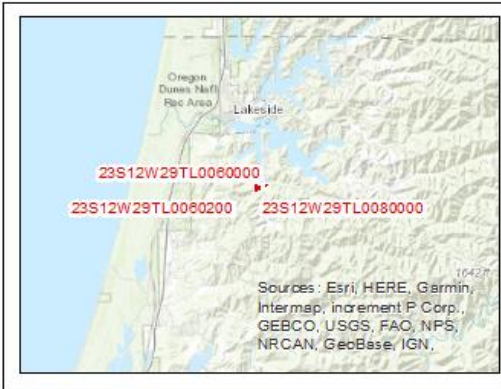

1. Shall comply with any requirements from Coos County Surveyor or Assessor's Office.
 - a. The Coos County Survey stated the newly adjusted line does not require a survey.
 - b. The Coos County Assessor's Office did not provide formal comments but at the time the deed is reviewed there will be comments.
2. Final approval - The applicant shall submit proof that the requirements of the tentative approval have been met. Upon submittal by the applicant that all conditions of approval have been met and the deed, provided along with the recording fee to the Planning Director a final determination will be made. the Director shall advise the applicant in writing if the documents submitted are sufficient or if amendments are required.
 - a. The following items shall be submitted prior to one year of the tentative decision:
 - i. A deed following the exact format found in Figure 1 of Section 6.3.175.
 - b. Once the required documents are received by the County Planning Department, they will be forwarded to the County Surveyor and Cartographer for final comments. If no revisions are required to the deeds the Planning Staff will submit the deeds to the County Clerk's Office with the fee to be recorded.

**EXHIBIT “D”
STAFF REPORT
FINDINGS OF FACT AND CONCLUSIONS**

I. PROPOSAL AND BACKGROUND/PROPERTY HISTORY INFORMATION:

- A. PROPOSAL:** According to the application the request is to reconfigure the properties to allow a sale to be completed.
- B. BACKGROUND INFORMATION:** The property owner thought the tax lots were lawfully created units of land but research from the title company and the Planning Department indicate they were one unit of land.

Upon further review to determine if there were any lawfully created separated discrete units of land within the ownership staff discovered that there were but not in the desired configuration. Therefore, this will resolve the issue and allow the sale of the property.

There is no development on either unit of land. There is a Measure 49 approval authorizing development and possible land division. A Measure 49 approval is only valid from ten (10) years from the date the property is transferred to the new owner. If the approval is not acted on within the ten (10) year time frame it will expire. For more information regarding the details of the claim you may contact the Planning Department.

- C. COMPLIANCE PURSUANT TO SECTION 1.1.300:** *It shall be unlawful for any person, firm, or corporation to cause, develop, permit, erect, construct, alter or use any building, structure or parcel of land contrary to the provisions of the district in which it is located. No permit for construction or alteration of any structure shall be issued unless the plans, specifications, and intended use of any structure or land conform in all respects with the provisions of this Ordinance.*

FINDINGS: There were no compliance issues discovered during the review of this proposal. The properties were created lawfully and there are no structures. Therefore, at the time of this report and with the information available staff finds that the properties are compliant with the CCZLDO.

II. BASIC FINDINGS:

- A. LOCATION:** These units of land are located south of the City of Lakeside and south of Shutter Arm portion of Ten Mile Lake.

- B. ZONING:** The tax lots in this case are both zoned Rural Residential-2 (RR-2).

ARTICLE 4.2 – ZONING PURPOSE AND INTENT

SECTION 4.2.100 Residential

There are two RR zonings: Rural Residential-5 (RR-5) and Rural Residential-2 (RR-2). The intent of the Rural Residential Districts includes justified sites plus "committed" areas. The County's plan prescribes and allocates a finite number of rural dwelling/units/acreage. The zoning ordinance will specify permitted uses and minimum lot sizes.

The purpose of the "RR-2" and "RR-5" districts are to provide for small to medium acreage dwelling sites outside of Urban Growth Boundaries, where a moderate intensity of land development is appropriate, but where urban services and facilities may not be available or necessary.

The "RR-2" district provides for continued existence of rural family life and to provide a transition of densities between urban development and exclusive agricultural and forestry uses.

The "RR-5" district provides for the orderly development of rural land so as to encourage the continued existence of rural family life and to provide a transition of densities between urban development and exclusive agricultural or forestry uses.

C. SPECIAL DEVELOPMENT CONSIDERATIONS AND OVERLAYS:

SECTION 4.11.125 Special Development Considerations: The considerations are map overlays that show areas of concern such as hazards or protected sites. Each development consideration may further restrict a use. Development considerations play a very important role in determining where development should be allowed in the Balance of County zoning. The adopted plan maps and overlay maps have to be examined in order to determine how the inventory applies to the specific site

SECTION 4.11.200 Purpose: Overlay zones may be super-imposed over the primary zoning district and will either add further requirements or replace certain requirements of the underlying zoning district. The requirements of an overlay zone are fully described in the text of the overlay zone designations. An overlay zone is applicable to all Balance of County Zoning Districts and any zoning districts located within the Coos Bay Estuary Management Plans when the Estuary Policies directly reference this section.

These properties do not list any Special Development Consideration and/or Overlay Zones. The property line adjustment does not propose any type of earth moving or structural development; therefore, even if the property was in a Special Development Consideration and/or Overlay Zone it would not be required to be addressed.

- D. SITE DESCRIPTION AND SURROUNDING USES:** Tax lot 800 and 600 are a combination of pastureland and forestland. There are some seasonal creeks/drainage areas in the southeast portion of the property. Shutters Landing Lane borders Tax Lot 800 to the south and transverse Tax Lot 600. To the north and west the properties seem to have the same vegetative pattern. The only development appears to be located on tax lot 1800 to the north and tax lot 601 to the southeast. Further to the north are smaller parcels that are developed with dwellings and recreational docks.

E. COMMENTS:

- a. **PUBLIC AGENCY:** As part of the property line adjustment the only comments requested were from the County Surveyor and Assessor’s Office. The County Surveyor did provide comments on July 2, 2021, stating due to the size of the properties a survey will not be required. The full comment can be found at Exhibit E.
- b. **PUBLIC COMMENTS:** This application request did not require any request for comments prior to the release of the decision pursuant to notice of decision requirements found in Chapter V of the CCZLDO.
- c. **LOCAL TRIBE COMMENTS:** The change in boundary lines does not require a notice to local tribes.

F. LAWFULLY CREATED UNIT OF LAND: The properties were lawfully created pursuant to 6.1.125.1.e as it was created by legal description conveying real property prior to 1986. The Deed history is in the application. The Deed Document 77-4-05085 describes tax lots 600 and 800 as one property but excludes tax lot 602 created a unit of land. Tax lot 602 and 800 were eventually combined with tax lot 600 in the 1980’s. Lawfully created tax lot 602 was deeded out on June 22, 2021, following the determination from Staff.

III. STAFF FINDINGS AND CONCLUSIONS:

a. **SUMMARY OF PROPOSAL AND APPLICABLE REVIEW CRITERIA:**

The proposal is for Planning Director Approval of a Single Property Line Adjustment between two lawfully created units of land. The proposal is subject to Coos County Zoning and Land Development (CCZLDO) Article 6.3 Property Line Adjustments.

b. **Key definitions:**

ACTIVITY: Any action taken either in conjunction with a use or to make a use possible. Activities do not in and of themselves result in a specific use. Several activities such as dredging, piling and fill may be undertaken for a single use such as a port facility. Most activities may take place in conjunction with a variety of uses.

DEVELOP: To bring about growth or availability; to construct or alter a structure, to conduct a mining operation, to make a physical change in the use or appearance of land, to divide land into parcels, or to create or terminate rights to access.

DEVELOPMENT: The act, process or result of developing.

USE: The end to which a land or water area is ultimately employed. A use often involves the placement of structures or facilities for industry, commerce, habitation, or recreation.

ZONING DISTRICT: A zoning designation in this Ordinance text and delineated on the zoning maps, in which requirements for the use of land or buildings and development standards are prescribed.

Dwelling: Any building that contains one or more dwelling units used, intended, or designed to be built, used, rented, leased, let or hired out to be occupied, or that are occupied for living purposes.

c. Criteria and standards for Property Line Adjustments

• SECTION 6.3.125 PROCEDURE:

1. *An application for a line adjustment or elimination shall be filed by the owners of all lots or parcels affected. The application shall be accompanied by an appropriate fee and contain the following information:*
 - a. *Reason for the line adjustment;*
 - b. *Vicinity map locating the proposed line adjustment or elimination in relation to adjacent subdivisions, partitions, other units of land and roadways;*
 - c. *A plot plan showing the existing boundary lines of the lots or parcels affected by the line adjustment and the approximate location for the proposed adjustment line. The plot plan shall also show the approximate location of all structures within ten (10) feet of the proposed adjusted line;*
 - d. *A current property report (less than 6 months old) indicating any taxes, assessment or other liens against the property, easements, restrictive covenants and rights-of-way, and ownerships of the property of the proposed development. A title report is acceptable. The Planning Director may waive any portion of the this requirement if the property is large and does not have a lien holder.*
 - e. *A notice of application and decision will be provided to any and all lien holders of record for the property that will be affected by the proposed adjustment. Applicants should consult with any and all such lien holders prior to submittal of an application.*

FINDING: **The reason for the property line adjustment is to reconfigure the properties to separate tax lot 800 from the rest of the ownership for the purpose of sale. This is consistent with the zoning and is not prohibited by the CCZLDO.**

The map provided by the applicant's surveyor, Doug McMahan, is an assessment map that shows adjacent land divisions and roadways. The map serves as a plot plan as well but there is no development on either property. A property report was waived as the property owner does not have a lien holder and did provide the appropriate deeds. There are no lien holders of record to provide notice or to consult with.

The application was received on June 29, 2021; however, staff had been working with the applicants on this matter since May 27, 2021. The application was found to comply and include all required information, forms, and fees as of the date the fee was received on June 29, 2021. This is within the 30 days as consistent with ORS 215.427 as codified in the CCZLDO Section 5.0.250. From the date the application was found to be complete and given the zoning Coos County has 150 to render a final action (notice of decision) for an application that requires a land use notice of decision. This decision has been rendered within fourteen days of the 150 days. The tentative decision will become final when the appeal period has expired, and no appeals have been filed. The final approval of this request will be completed once the conditions of approval have been completed and the survey map has been filed with the County and the deed has been recorded.

Therefore, this criterion has been complied with at this time.

2. *A line adjustment is permitted only where an additional unit of land is not created and where the lot or parcel reduced in size by the adjustment complies with the requirements of the applicable zone except that a line adjustment for the purpose of exchange or transfer of land between resource land owners shall be allowed so long as:*
 - a. *No parcel is reduced in size contrary to a condition under which it was formed;*

- b. *The resulting parcel sizes do not change the existing land use pattern (e.g. two conforming parcels must remain conforming); and*
- c. *Two non-conforming parcels may remain non-conforming; and, two parcels, one conforming and one non-conforming, may remain as such regardless of which parcel is non-conforming after the exchange or transfer).*

FINDING: **The current minimum lot size is 80 acres for resources zones. The units of land are legal non-conforming because it was created by deed description prior to the acknowledgment of the current 80-acre minimum lot size in the EFU/FMU zone. The proposal with adjust the four (4) acres to a larger size and reduce the other unit of land in size but they will still be legal non-conforming. The change will not change the land use pattern and in fact it will allow the conform with the current pattern.**

Therefore, this request complies with the criteria under this section.

- 3. *An encroachment of existing or planned structures will not be created within required setbacks as a result of the line adjustment.*

FINDING: **No encroachment will be created through this process and any future structures will be required to comply with the setback requirements in the applicable zoning district.**

- 4. *A line adjustment for a lot or parcel that contains a dwelling, not on a public sanitation system, and is less than an acre before the adjustment and further reduced as a result of the adjustment shall obtain documentation from Department of Environmental Quality (DEQ) that the sanitation system will still meet their requirements.*

FINDING: **Currently there are no dwellings involved in this property line adjustment. The change in the property line will result in units of land that exceed one (1) acre. Therefore, this condition does apply.**

- 5. *In resource lands, a unit of land containing a dwelling, or approved for construction of a dwelling, cannot be adjusted with a vacant resource unit of land for the purpose of qualifying the vacant unit for a 160-acre dwelling.*
 - a. *A resource unit of land less than 160 acres and containing a (preexisting) dwelling, or approved for construction of a dwelling, cannot be adjusted with a vacant resource unit of land for the purpose of qualifying the vacant unit for a 160-acre dwelling;*
 - b. *A resource unit of land 160 acres or greater and containing a (preexisting) dwelling, or approved for construction of a dwelling, cannot be adjusted below 160 acres with a vacant resource unit of land for the purpose of qualifying the vacant unit for a 160-acre dwelling;*
 - c. *A resource unit of land 160 acres or greater and containing a dwelling approved as a 160-acre dwelling, or approved for construction of a 160-acre dwelling, cannot be reduced below 160 acres for the purpose of qualifying the vacant unit for a 160-acre dwelling.*

FINDING: **The subject properties are zoned resource but the property line is not to qualify for a dwelling. Therefore, these criteria are not applicable.**

- 6. *Same Designation: A line adjustment shall only be permitted where the sale or transfer of ownership is made between abutting owners of like designated lands, residential lands, commercial lands, industrial lands, resource lands, and estuary zoned lands unless an existing*

structure encroaches over an existing property boundary or the boundary line adjustment is required to comply with requirements of the State Department of Environmental Quality for a subsurface sewage system.

FINDING: The parcels are within the same zoning designation; therefore, this criterion has been met.

• ***SECTION 6.3.150 EASEMENTS AND ACCESS:***

A line adjustment shall have no effect on existing easements or access. Access shall not be eliminated through a property line adjustment process. If an access is potentially affected then an easement may be created for access to comply with this criterion.

FINDING: There will be no effect on existing easements and both units of land will have direct access off of a platted road.

IV. DECISION:

The proposed Property Line Adjustment meets the requirements of the Coos County Zoning and Land Development Ordinance, with conditions listed in Exhibit “A” of this report.

V. EXPIRATION:

This is a tentative approval that is valid for up to one year. To finalize this decision the applicant shall comply with the conditions of approval in Exhibit “A” of this report once the appeal period has expired and an appeal has not been filed.

VI. NOTICE REQUIREMENTS:

A notice of decision will be provided to property owners within 750 feet of the subject properties and the following agencies, special districts, or parties.

A Notice of Decision and Staff Report will be provided to the following:
Applicants/Owners, County Surveyor, County Assessor’s Cartography Staff, Planning Commission and Board of Commissioners.

Adjacent property owners will receive a Notice of Decision and maps, but all other attachments can be found by contacting the Planning Department or visiting the website. If not found on the website the public may contact the department to view the official record.

Purpose of the Property Line Adjustment:

~~Establishing lawfully created lots~~

- A before and after vicinity map locating the proposed line adjustment or elimination in relocation to adjacent subdivisions, partitions, other units of land and roadways.
- A plot plan showing the existing boundary lines of the lots or parcels affected by the line adjustment and the approximate location for the proposed adjustment line. The plot plan needs reflect structures as follows:
 1. Within Farm and Forest at least within 30 feet of the property boundaries.
 2. Within Rural Residential at least 10 feet of the property boundaries.
 3. Within Controlled Development at least within 20 feet of the boundaries.
 4. Within Estuary Zones at least within 10 feet of the boundaries.
 5. Within Commercial and Industrial within 10 feet of the boundaries.

If there is no development within distance listed above the plan needs to indicate not development within the required distance.

- A current property report (less than 6 months old) indicating any taxes, assessment or liens against the proper easements, restrictive covenants and rights-of-way, and ownerships of the property. A title report is acceptable ***This shall be for both properties.*** At the minimum a deed showing the current lien holders, reference to easements, covenants and ownership will be accepted for both properties. A notice will be provided to any lien holder as part of this process.
